

## Session on “Ignite Your Future with Powerful Soft Skills”

4<sup>th</sup> July, 2025

An exclusive soft skills training session titled “Ignite Your Future with Powerful Soft Skills” was held at the Seminar Hall, Block B, led by dynamic speakers Ms. Neha Chowdhary and Mr. Yogesh Chandak. The session aimed to boost students’ confidence, communication skills, and overall career readiness through interactive and practical learning.

The objective of the session was to help students enhance their confidence, sharpen communication skills, and prepare themselves for real-world success. Students explored the importance of soft skills in shaping their future, from mastering public speaking to developing self-assurance and emotional intelligence.

The session was filled with vibrant energy and excitement, offering interactive activities, inspiring success stories, and dynamic Q&A rounds that kept students actively involved throughout. Every moment brought students one step closer to becoming future ready professionals equipped to lead with purpose and clarity.

A heartfelt thanks to our incredible facilitators, Ms. Neha Chowdhary and Mr. Yogesh Chandak, for delivering such an impactful and unforgettable experience. The skills gained during this session will not only support students in their careers but also empower them in everyday life.

## Teachers’ Day Celebration

10<sup>th</sup> July, 2025

The Teachers’ Day Celebration at LBEF College was a vibrant and heartwarming event, thoughtfully organized to recognize and honor the dedicated faculty members of the institution. The celebration began with a warm welcome speech by Er. Prakash Kejriwal, Executive Director of the LBEF Group of Institutions, who expressed appreciation for the unwavering commitment of teachers in shaping future generations.

This was followed by an encouraging Faculty Address by Mr. Ramesh Suwal, who reflected on the value of education and the important role of educators in society. Adding a heartfelt student perspective to the event, Ms. Saraswoti Mainali, a B.Sc. IT fourth semester student, delivered a touching Student Address, where she shared words of gratitude, admiration, and respect for all the teachers who continue to guide and inspire students every day.

A key moment of the event was the Felicitation Ceremony, during which faculty members were honored with Khadas and Tokens of Appreciation by Er. Pankaj Jalan, Chairman, and Er. Prakash Kumar Kejriwal, Executive Director, of LBEF Group of Institutions.

The celebration continued with a joyful cake-cutting ceremony, symbolizing gratefulness and unity. The event concluded with heartfelt closing remarks from Er. Pankaj Jalan, who thanked all the educators for their contributions and encouraged them to continue their impactful work. After the formal program, everyone enjoyed group photographs and informal interactions, allowing for meaningful conversations and deeper connections among attendees.

Such events not only celebrate the vital contributions of teachers but also foster a strong sense of community and appreciation within the college. It was a memorable day filled with respect, recognition, and celebration of the teaching spirit at LBEF.

## MESSAGE FROM THE CHAIRMAN

**Er. Pankaj Jalan**  
**Chairman**  
**LBEF Group of Institutions**

Dear Readers,

Warm greetings from the LBEF Campus!

I hope this message finds you in good health and high spirits. It is with great pleasure that I present the third issue of LBEF Connect for the year 2025, showcasing yet another trimester filled with remarkable achievements and unforgettable events.

On July 21, 2025, LBEF welcomed distinguished representatives from De Montfort University (DMU), UK – Mr. Neil Hart, Mr. Duncan Hepworth, and Mr. Richard Cross. The visit featured a campus tour, and interactive sessions with key stakeholders, including management team and faculty members. This engagement further strengthened the DMU-LBEF partnership, paving the way for new collaborations in curriculum development, student support, and international exposure, reaffirming a shared commitment to academic excellence and global learning opportunities.

On July 26 and 27, 2025, LBEF College organized a “Two-Day Residential Academic Orientation Program” at Naikap Village Resort for the newly enrolled B.Sc. (Hons.) IT students. The program featured sessions by LBEF leaders who shared the institution’s vision, academic framework, and inspiring success stories. Alongside presentations, interactive games, icebreakers, and group activities fostered bonding, motivation, and community spirit. The orientation left students informed, inspired, and well-prepared to begin their academic journey at LBEF.

On August 22, 2025, LBEF College hosted the “FYP Expo 2025”, showcasing innovative final-year projects by B.Sc. IT students in areas like IoT, AI, ML, and Web Development. The event was graced by Hon. Gagan Kumar Thapa, Member of Parliament, General Secretary of Nepali Congress, and Former Minister of Health and Population, who interacted with students, adding great value to the Expo.

Several new student clubs were established, including the AI and Robotics Club, Cyber Security Club, Software Architecture Club, Startup and Innovation Hub, EventOS & Impact Circle, and Fitbyte Club. These student-led groups aim to foster creativity, collaboration, and practical learning beyond the classroom. By joining these clubs, students not only enhance their technical and leadership skills but also build strong networks that support personal and professional growth.

As we move forward, I extend my sincere gratitude to our readers and stakeholders for their unwavering support. Your confidence and encouragement motivate us to achieve greater heights. Together, we stay committed to nurturing a culture of innovation, collaboration, and shared success.

Stay safe, stay healthy, and may God bless you all.

## MESSAGE FROM THE EDITOR

**Ms. Anwesha Sthapit**  
**Editor**  
**LBEF Connect**

Dear Readers,

Warm greetings and welcome to the third Issue, Volume 8 of LBEF Connect for 2025! The past quarter has been an inspiring journey filled with remarkable academic accomplishments and vibrant extracurricular engagements.

This trimester, we organized a series of insightful and interactive sessions aimed at nurturing the academic and professional development of our students. Highlights included 'Ignite Your Future with Powerful Soft Skills' by Ms. Neha Chowdhary and Mr. Yogesh Chandak, 'Seminar on Cybersecurity' by Mr. Alish Shrestha, 'Building a Tech Startup in Nepal' by Ms. Mona Nyachhyon, 'IT Professionals in Empowering e-Governance in Nepal' by Mr. Karan Bhat, 'Unlocking Innovation with AWS' by Mr. Sijan Maharjan, 'Interactive Session on Digital Marketing' by Mr. Sudeep Timalsina, 'Breaking into the IT Industry' by Mr. Samrat Panday, and 'Student-Led Freeschema Session' by Mr. Nischal Bhandari.

Students also gained valuable exposure through Talk Shows on diverse topics such as 'Exploring Cloud Computing Careers' by Er. Upendra Prasad Neupane, 'UI/UX Design' by Er. Babita Shrees Magar, Er. Deepson Shrestha, and Er. Saugat Maharjan, and 'Different Roles, Hiring Trends, and Structures in the IT Industry' by Mr. Basanta Dhakal. These experiences not only enhanced technical knowledge but also strengthened students' confidence to explore multidisciplinary fields, contributing to their holistic learning.

The trimester was further enriched by major celebrations and events, including Teachers' Day, Founder's Day, and Teej, which fostered a strong sense of togetherness within the LBEF family. Similarly, platforms like the FYP Expo 2025, LBEF Placement Day, and the Residential Academic Orientation Program allowed students to showcase their creativity, skills, and collaborative spirit, highlighting both their academic excellence and extracurricular enthusiasm.

I sincerely extend my gratitude to our students, parents, and the committed academic and non-academic staff. Your consistent support and dedication remains the cornerstone of our shared success. Together, we continue to uphold LBEF's legacy as a premier institution of learning and innovation in Nepal.

As always, stay safe, stay motivated, and keep reaching for new heights!

### Seminar on Cybersecurity

10<sup>th</sup> July, 2025

*"To be prepared for cyber threats, we must understand the motives and capabilities of those who seek to do harm in cyberspace."* - James Comey

A highly engaging and insightful seminar on Cybersecurity was organized at the LBEF Seminar Hall, with the primary objective of equipping B.Sc.IT students with practical knowledge and real-world insights. The session featured renowned cybersecurity expert Mr. Alish Shrestha, who delivered an impactful presentation on the current landscape of cybersecurity, including key challenges, emerging trends, and risk mitigation strategies. Mr. Shrestha covered essential topics such as building secure and resilient network infrastructures, identifying vulnerabilities, and understanding the dynamics

of emerging cyber threats. His session emphasized the importance of proactive defence mechanisms and staying updated with the constantly evolving nature of cyberattacks. Drawing from his hands-on experience, he presented case studies and real incidents, offering students a chance to relate theoretical concepts to real-life scenarios. The seminar was particularly fruitful in providing exposure to both the tangible and intangible aspects of cybersecurity and ethical hacking. It sparked curiosity and encouraged students to explore ethical dimensions, digital privacy, and responsible hacking practices. Mr. Shrestha appreciated the active engagement and inquisitive mindset of LBEF students, noting that their participation made the session dynamic and interactive.

### Founder's Day Celebration

13<sup>th</sup> July, 2025

LBEF proudly celebrated Founder's Day, a special occasion dedicated to commemorating the life and vision of the late Mr. Parmanand Kejriwal, the pioneering force behind the creation of LBEF, the first IT College of Nepal.

The event commenced with a traditional lamp-lighting ceremony and heartfelt prayers in memory of the founder. This solemn tribute was led by Er. Pankaj Jalan, Chairman, Er. Prakash Kejriwal, Executive Director, Mr. Sunil Ojha, Chief Operating Officer and Prof. Dr. R.N. Thakur, Dean of Academics. The ceremonial proceedings were followed by a joyous cake-cutting session that brought together faculties, students, and staffs in celebration.

As a tribute to academic excellence, students who performed best in the recently completed semesters were awarded Certificates of Merit in recognition of their hard work, dedication, and

achievements. Their success reflects the enduring values of LBEF's late founder, Mr. Parmanand Kejriwal – quality education, student growth, and academic integrity.

Delivering the vote of thanks, Er. Pankaj Jalan fondly recalled the early days of LBEF, when Information Technology was still a budding field in Nepal. He reflected on how Mr. Parmanand Kejriwal's dream of "Education for All" laid the foundation for an institution that has now nurtured over 14,000 graduates, making significant contributions across various industries.

The celebration served as a powerful reminder of the founder's legacy, inspiring the entire LBEF community to carry forward his vision with renewed purpose and pride. It was a day marked by emotion, unity, and a shared commitment to building a brighter future, just as Mr. Parmanand Kejriwal had once envisioned.

## Events

### Session on “Building a Tech Startup in Nepal”

13<sup>th</sup> July, 2025

An engaging and insightful session on “Building a Tech Startup in Nepal” took place at the LBEF Seminar Hall, featuring Ms. Mona Nyachhyon, CEO & Founder of Monal Tech as the guest speaker. She captivated the audience by sharing her personal journey of transforming innovative ideas into real-world impact. She discussed key aspects of the startup ecosystem, including her experiences with failure, resilience, the evolving landscape of tech in Nepal, and the crucial role of government and private investments. She also shed light on the current challenges and opportunities

within the Nepali startup scene, emphasizing the importance of adaptability and innovation.

Attendees received practical strategies for navigating common startup obstacles, along with insights into emerging technologies shaping the future of Nepal’s digital economy.

The session concluded with a lively Q&A, networking opportunities, and a renewed sense of motivation among our young students, the prospective entrepreneurs of the future. It was an inspiring event that showcased the potential of Nepal’s growing tech ecosystem.

### Career Pathways: Practical Training Program for Grade 12 Graduates

14<sup>th</sup> July, 2025

LBEF organized a specialized practical training program tailored for fresh Grade 12 graduates as they step into the next phase of their academic and professional journey. The program was designed to strengthen vital soft skills, enhance technological readiness, and instill greater self-confidence in participants.

A key highlight of the training was an engaging Python session led by Mr. Bishal Kumar Kurmi, where students gained hands-on experience with programming fundamentals and essential digital tools. The session enhanced their technical knowledge while inspiring creative and logical thinking. LBEF continues to foster such initiatives to equip young learners for academic and professional success.

### Talk Show on “Exploring Cloud Computing Careers”

15<sup>th</sup> July, 2025

A thought provoking Talk Show on “Exploring Cloud Computing Careers” was held at the LBEF Seminar Hall, led by Er. Upendra Prasad Neupane, the visionary Founder of AWS Cloud Club in Nepal. The event aimed to highlight the vast opportunities in the field of cloud computing, with a special focus on how students in Nepal can leverage this growing sector to build dynamic and future-ready careers.

Mr. Neupane shared his deep insights on the current demand for cloud experts, the skill sets required, and how cloud technology is shaping modern businesses and infrastructure. The talk show provided valuable guidance on certifications, career paths, and real-world applications of cloud platforms like AWS, Microsoft Azure, and Google Cloud.

The speaker highlighted how cloud computing is reshaping everything from startups to large-scale enterprises. He also shed light on the emerging job roles in cloud architecture, DevOps, and cloud security. Students actively participated in the Q&A, seeking clarity on certifications, learning paths, and industry expectations.

### Inspiring Session on “IT Professionals in Empowering e-Governance in Nepal”

16<sup>th</sup> July, 2025

An insightful and engaging session on “IT Professionals in Empowering e-Governance in Nepal” was held at the LBEF Seminar Hall, featuring Mr. Karan Bhat, a seasoned computer programmer, as the facilitator. He shared his professional journey and contributions to Nepal’s digital transformation, offering students a clear view of how technology is actively reshaping governance and public service delivery.

From the integration of digital platforms in public systems to the challenges of real-world implementation, Mr. Bhat shed light on the vital role IT professionals play in modern governance. His experiences and examples provided students with practical knowledge and inspiration, encouraging them to envision their role in the future of Nepal’s e-governance landscape.

The session highlighted how digital tools enhance transparency, efficiency, and citizen engagement. Students were introduced to real-life government tech projects and their backend operations. Mr. Bhat emphasized the growing demand for skilled IT professionals in the public sector. The event concluded with a token of appreciation presented to the speaker.

## Events

### Career Pathway: A transformative Journey for Grade 12 Graduates

16<sup>th</sup> July, 2025

A remarkable journey unfolded for Grade 12 graduates stepping into the dynamic world of IT, as our dedicated faculty member, Mr. Shambhu Gautam, shared his valuable insights on emerging technologies including Artificial Intelligence (AI), Internet of Things (IoT), Blockchain, and Cloud Computing. The session also offered a hands-on introduction to web development, where students created their first interactive web pages and

discovered the fascinating logic and creativity that power the digital world. The training inspired students to envision how these technologies are shaping industries globally. Participants had the opportunity to explore the cutting edge of technological innovation and its real-world applications, reinforcing LBEF's commitment to empowering young learners with the skills, knowledge, and confidence to excel in the fast-paced tech landscape.

### Interactive Session on “Unlocking Innovation with AWS”

17<sup>th</sup> July, 2025

An exciting and informative session titled “Unlocking Innovation with AWS” was organized at the LBEF Seminar Hall, featuring Mr. Sijan Maharjan, an experienced Software Developer, as the resource person. Tailored for beginners, the session introduced students to the fundamentals of Amazon Web Services (AWS) and how cloud innovation is rapidly transforming the global tech landscape.

Mr. Maharjan walked participants through key AWS services, use cases, and

the significance of cloud computing in modern software development. His hands-on approach and beginner-friendly explanations made the complex topic both accessible and engaging for aspiring IT professionals. The session highlighted how AWS empowers developers to innovate, scale, and deploy faster. Students were encouraged to explore free AWS learning resources and certification paths. Real-world examples demonstrated how startups and enterprises leverage AWS for growth.

### Career Pathways Program: Guiding Grade 12 Graduates into IT

17<sup>th</sup> July, 2025

Career Pathways, meticulously crafted for recent Grade 12 graduates, aimed to open the door for young aspirants to the dynamic world of Information Technology. The

program featured an immersive session led by our dedicated faculty member, Mr. Bishal Prasad Kurmi, where students delved into the fundamentals of web development, designed

their first interactive web pages, and discovered the underlying principles that bring websites to life. Through a detailed exploration of each line of code, participants witnessed how simple building blocks converge to form complex, high-impact systems. This hands-on experience ignited genuine enthusiasm among students, motivating them to advance further in programming and IT innovation, while reinforcing LBEF's steadfast commitment to shaping young minds and equipping them with the skills and vision needed to excel in a rapidly evolving digital era. The event provided students with a valuable stepping stone to build a solid foundation in web development

### Career Pathways: Introducing Grade 12 Graduates to IoT & Circuit Design

18<sup>th</sup> July, 2025

The Career Pathways program introduced recent Grade 12 graduates to the world of Information Technology through an engaging session led by Mr. Sujal Shrestha. Students learned the basics of IoT and Circuit Design using Tinkercad, gaining hands-on experience with LEDs and live simulations. The session highlighted how IoT and electronics are shaping smarter everyday solutions. Many participants showed enthusiasm for continuing projects in electronics and automation. LBEF remains committed to offering such practical learning experiences that inspire future innovators.

## Events

### Interactive Session on “Digital Marketing”

21<sup>st</sup> July, 2025

We were delighted to welcome Mr. Sudeep Timalisina, Managing Director at WizonBiz Digital, as the guest speaker for an engaging and informative session on Digital Marketing. The session was thoughtfully organized to equip students with practical insights into modern digital marketing strategies, tools, and emerging trends shaping the industry.

Mr. Timalisina shared his professional experiences, highlighting the importance of data-driven marketing, content strategy, and social media

engagement in today's digital age. The session provided a strong foundation for students interested in building a career in the ever-evolving field of digital marketing. Students gained exposure to real-world digital campaigns and industry best practices. The speaker emphasized the value of hands-on learning and continuous upskilling. Case studies and live examples kept the audience engaged and curious.

The session ended with a lively Q&A and appreciation for Mr. Timalisina's valuable insights.

### Shrawan Vibes at LBEF!

21<sup>st</sup> July, 2025

The sacred month of Shrawan is a beautiful blend of devotion, culture, and vibrant traditions. On its first auspicious Monday, we celebrated the spirit of togetherness by honoring our exceptional female team members, who embody the heart and soul of LBEF.

A small token of appreciation was presented, symbolizing our gratitude for their dedication, hard work, and the vibrant energy they bring into our workplace. It was a gesture that

reflected not just appreciation, but also the deep-rooted cultural values that keep us connected and grounded.

The atmosphere was filled with joy and positivity as our female colleagues adorned traditional attire in hues of green, yellow and red, reflecting the festive spirit of the season. From shared smiles to cultural rituals, every moment celebrated the harmony between modern work life and timeless traditions.

### LBEF Hosts JEC MUN 2025: A Platform for Emerging Global Leaders

21<sup>st</sup> July, 2025

On July 21, 2025, the LBEF College proudly hosted JEC MUN 2025 as the official title sponsor. Organized by the Junior Empowerment Circle (JEC), this dynamic Model United Nations (MUN) conference gathered aspiring young diplomats to engage in simulated UN sessions and tackle pressing global challenges through meaningful debate.

With compelling speeches, innovative resolutions, and a spirit of diplomacy, the event offered a powerful platform for youth leadership and global awareness. The conference welcomed delegates from various institutions, encouraging collaboration, critical thinking, and mutual respect.

The event was a true success, not only in execution but in the values it promoted – leadership, diplomacy, empathy, and civic engagement. Faculties, guest judges, and students alike were inspired by the confidence, research, and passion displayed by each delegate.

Through initiatives like these, LBEF reaffirms its commitment to empowering youth and fostering the next generation of global change-makers. We remain dedicated to supporting platforms that amplify student voices and cultivate a deeper sense of global understanding among young minds.

### Delegates from De Montfort University Visit LBEF

24<sup>th</sup> July, 2025

On July 21, 2025, LBEF proudly hosted distinguished De Montfort University (DMU), UK representatives—Mr. Neil Hart, Mr. Duncan Hepworth, and Mr. Richard Cross. The visit reflected the strong and growing partnership between LBEF and DMU, renowned for innovation in higher education and global collaboration.

The guests were warmly welcomed at LBEF and participated in interactive sessions with key stakeholders, including management and faculty. The visit strengthened the DMU-LBEF partnership and fostered discussions on future collaborations in curriculum development, student support, and global learning opportunities. It reaffirmed both institutions' shared commitment to academic excellence and providing students with a global perspective.

## Events

### Two-Day Residential Academic Orientation Program

25<sup>th</sup> - 26<sup>th</sup> July, 2025

LBEF College proudly organized a Two-Day Residential Academic Orientation Program for newly enrolled students of the B.Sc. (Hons.) in Information Technology program. Held at the serene and scenic Naikap Village Resort, the orientation was designed to ease students' transition into college life while fostering a sense of belonging, motivation, and community.

The first day began with a fun

and interactive icebreaking activity, "Find Someone Who", led by Mr. Sunil Ojha, COO of LBEF College. This session encouraged students to connect and get acquainted with one another. It was followed by an insightful session on "The LBEF Learning" by Dr. Ram Naresh Thakur, Academic Dean, who shared key insights into the college's academic framework, integrity

guidelines, and digital learning tools. Later, Mr. Ojha conducted "Serve the Leader", an interactive group activity designed to cultivate leadership skills, accompanied by a reflective debrief session emphasizing both leadership and followership. The day concluded with informal, engaging interactions that strengthened the sense of community among students.

On the second day, students

attended a motivational session titled "Turning Nepali Potential into Progress" by Er. Pankaj Jalan, Chairman of LBEF Group of Institutions. He shared the inspiring journey of LBEF, highlighted alumni achievements, and offered guidance on achieving both academic and personal success. The session included an interactive Q&A, allowing students to engage directly with the leadership. The program concluded on a high note with a lively group photo session, capturing the energy and excitement of the orientation.

More than a mere introduction, the orientation empowered students and laid a solid foundation for their academic journey. Through a thoughtful blend of guidance, engagement, and inspiration, the orientation program reflected the essence of LBEF, where education begins with meaningful connections and a clear sense of purpose.

### Inspiring Talk Show on "UI/UX Design"

27<sup>th</sup> July, 2025

An inspiring Talk Show on "UI/UX Design" was conducted at the LBEF Seminar Hall, featuring a dynamic panel of industry professionals: Er. Babita Shrees Magar (QA Engineer), Er. Deepson Shrestha (Data Engineer), and Er. Saugat Maharjan (UI/UX Designer). The session offered students a unique opportunity to explore the intersection of design, data, and quality assurance through real-life experiences and career journeys.

Each speaker shared their professional path, challenges, and achievements, shedding light on how these specialized tech roles contribute to building intuitive, functional, and high-performing digital products. The event emphasized the importance of cross-functional collaboration in the tech industry and inspired students to explore various career possibilities.

The speakers discussed the latest trends and tools in their respective fields.

Students gained clarity on the skills needed for UI/UX, QA, and Data Engineering roles. The interactive format encouraged questions,

networking, and deeper discussions. The session concluded with a vote of thanks, expressing appreciation to the facilitators for their valuable contributions.

## Events

### Formation of the LBEF AI & Robotics Club

13<sup>th</sup> August, 2025

LBEF College officially inaugurated the LBEF AI & Robotics Club, a student-led platform created to foster innovation and hands-on learning in cutting-edge technologies. The club has welcomed eighteen enthusiastic members, with seven taking on leadership roles. Mr. Peshal Kumar Bastola was elected as the Club's first President, while Mr. Ashutosh Karn was appointed as mentor to guide and support the club's initiatives.

Through workshops, competitions, and collaborative projects, the club provides students with practical exposure to AI and Robotics. Its establishment represents a significant milestone in encouraging students to transform creative ideas into impactful technological solutions, further advancing LBEF's commitment to academic excellence and innovation.

### Faculty Workshop on Effective Research Writing

21<sup>st</sup> August, 2025

LBEF College successfully organized an intensive, one-day faculty development workshop on "Effective Research Writing: Principles & Practices," with Dr. Bal Krishna Bal, Professor of Computer Engineering and Associate Dean (Research, Projects, Extended Programs) at the School of Engineering, Kathmandu University, as the lead resource person.

The workshop focused on key areas essential to scholarly success, identifying research problems, structuring academic papers, and developing compelling grant proposals. Through practical insights and hands-on discussions, participants explored how to translate research ideas into publishable work and funding opportunities. This initiative empowered faculty members

to strengthen their research capabilities and sharpen their academic writing skills.

Dr. Bal's guidance helped faculty gain clarity on the nuances of research methodology, writing style, and proposal evaluation criteria, which are vital for producing high-impact academic work. His ability to simplify complex concepts was especially appreciated by all attendees. His sessions were both insightful and engaging, providing deep academic perspectives grounded in practical experience. This active engagement set the tone for the day, and the collaborative spirit demonstrated throughout further showcased the shared commitment to academic excellence and continuous learning that define LBEF.

### Birthday Celebration of Er. Pankaj Jalan, Chairman, LBEF Group of Institutions

14<sup>th</sup> August, 2025

LBEF College joyfully celebrated the birthday of Er. Pankaj Jalan, Chairman of the LBEF Group of Institutions, with a heartfelt cake cutting ceremony. The event brought together the LBEF team in a moment of unity, appreciation, and admiration for his visionary leadership. Team members shared warm wishes and expressed deep

gratitude for his mentorship, dedication, and steadfast commitment to excellence in education. The celebration paid tribute to a leader whose values and vision have played an important role in shaping LBEF and education in Nepal, and we look forward to many more years of growth, guidance, and inspiration under his leadership.

## Events

### FYP EXPO 2025

22<sup>nd</sup> August, 2025

“Success is stumbling from failure to failure with no loss of enthusiasm.” – Winston Churchill

FYP EXPO 2025 was successfully organized at F Block, LBEF College, providing a dynamic platform for B.Sc.IT students to showcase their innovative final-year projects and demonstrate their true potential. The event highlighted the culmination of months – and in some cases, years – of hard work, dedication, and creativity. It reflected not only the technical expertise of our students but also their ability to think critically and apply classroom knowledge to address real-world challenges.

The student projects tackled practical problems across areas such as the Internet of Things (IoT), Website Design and Development, Artificial Intelligence (AI), and Machine Learning (ML). Notable IoT innovations included the Smart Fuel Monitoring System, Smart Monitoring and Management System for Fish Farming, Smart Home Automation, and Enhancing Home Energy Efficiency, etc. AI/ML projects featured initiatives like the Blood Donation Management System, 2D Adventure Game with AI-Powered Gameplay, Online Portal for Home Tutor Finding, and a Transparent Bidding Platform for Antique Objects, etc.

The fair was graced by our Chief Guest, Honorable Gagan Kumar Thapa, Member of Parliament, General Secretary of Nepali Congress, and Former Minister of Health and Population, who visited each stall and enthusiastically interacted with the students. His presence and words of encouragement provided a significant motivation for our young innovators.

Upon the successful conclusion of the Expo, Er. Pankaj Jalan, Chairman of LBEF Group of Institutions, expressed his appreciation for the collective efforts of the LBEF team and congratulated all faculty members, staff, and students for their dedication and active participation in making the event a resounding success.

### LBEF Cyber Security Club Officially Launched to Foster Innovation and Excellence

25<sup>th</sup> August, 2025

The LBEF Cyber Security Club was officially inaugurated, establishing a dynamic platform for students to explore cutting-edge cybersecurity practices and emerging innovations. A dedicated leadership team of seven members was formed, with Mr. Nitesh Ghimire appointed as the club's first president. Under the mentorship of cybersecurity expert Mr. Milan Raj Nepali, the club is set to lead impactful projects and awareness campaigns that strengthen digital defence skills.

This initiative aims to cultivate a culture of cyber awareness, ethical hacking, and responsible digital citizenship. With the promise of conducting regular workshops, competitions, and knowledge-sharing sessions, the club is ready to make a lasting mark at LBEF.

### Insightful Talk Session on “Different Roles, Hiring Trends, and Structure in the IT Industry”

25<sup>th</sup> August, 2025

An interactive and insightful Talk Session titled “Different Roles, Hiring Trends, and Structure in the IT Industry” was held at the LBEF Seminar Hall, featuring Mr. Basanta Dhakal, Product Manager at O. Labs Pvt. Ltd. The session offered valuable perspectives on the evolving IT landscape, highlighting diverse job roles, current hiring trends, industry structures, and the growing significance of DevOps.

The event also provided students with a unique opportunity to engage directly with an industry expert, effectively bridging the gap between academic learning and professional realities. Attendees gained a clearer understanding of navigating career paths in IT. Initiatives like this continue to cultivate a culture of curiosity, leadership, and industry alignment at LBEF.

## Events

### Teej Celebration at LBEF

26<sup>th</sup> August, 2025

Teej is an event which is marked by prayers, fasting, and lively dances, symbolizing unity, faith, and the joy of life's precious moments – Anonymous

On August 26, 2025, LBEF came alive with the colors and spirit of Teej, as the institution hosted a vibrant celebration honoring the rich cultural heritage of this festival. Female team members graced the occasion in stunning red traditional attire, transforming the college into a scene of elegance and festivity. Their joyful participation in traditional songs and dances filled the atmosphere with energy and heartfelt celebration. Fun-filled activities, including the Word Song Game, Red Color Contest, Bangle Arrangement, Musical Chairs, and a Mehndi

Competition, added layers of excitement, making the day truly memorable. The event concluded with a delicious lunch, leaving everyone with cherished memories and a sense of fulfilment.

This cultural gathering provided a refreshing break from the daily routine, rekindling pride in heritage and fostering a deep sense of connection. The smiles, laughter, and shared experiences highlighted the warmth of tradition and community. The camaraderie and sense of togetherness among participants were especially heartening, as everyone departed with smiles, feeling deeply connected to both their culture and each other.

### LBEF Launches Software Architect Club to Nurture Future Tech Leaders

28<sup>th</sup> August, 2025

The LBEF Software Architect Club was officially launched, establishing a dynamic platform for students to explore advanced software architecture and modern development methodologies. A strong leadership team of seven members was formed, with Mr. Anurag Pokhrel elected as the club's first President. Guided by mentor Mr. Suman Dhital, the club is set to drive innovation through collaborative learning and impactful technical initiatives.

The club provides students with opportunities to bridge the gap between academic knowledge and real-world software design practices. It plans to conduct hands-on projects, coding challenges, and mentorship programs, designed to help students develop their skills and acquire practical experience.

The establishment of this club underscores LBEF's ongoing commitment to excellence in software engineering and system design.

### Inspiring Talk Session on “Breaking into the IT Industry”

27<sup>th</sup> August, 2025

An engaging and informative session titled “Breaking into the IT Industry” was successfully held at the LBEF Seminar Hall, featuring Mr. Samrat Panday, Frontend Web Developer at ASAP Digital by Easysewa, as the guest speaker. The talk shed light on the real-

world challenges, essential technical skills, and strategic pathways needed to enter and thrive in the competitive IT sector. Mr. Panday shared practical advices, personal experiences, and tips for navigating the early stages of an IT career, offering students a firsthand outlook

of industry expectations. The session emphasized the importance of continuous learning, building a strong portfolio, and staying updated with emerging technologies. Students actively participated in the Q&A segment, raising thoughtful queries about

career planning and skill development. Such interactions help bridge the gap between academic knowledge and industry readiness, as LBEF continues to cultivate a learning environment that connects students with professionals to guide their career journeys.

### **LBEF Launches EventOS & Impact Circle to Empower Student Leadership and Community Engagement**

28<sup>th</sup> August, 2025

The LBEF EventOS & Impact Circle was officially established, providing a professional and creative platform for students to lead high-impact events and drive meaningful community initiatives. A passionate leadership team of eight members was appointed, with Mr. Maruf Khan serving as the club's first President. Guided by mentor Mr. Nirajan Bhandari, Training and Placement Officer at LBEF, the club is poised to deliver innovative programs that combine strategic planning with real-world impact.

The club focuses on developing event management skills, leadership abilities, and social responsibility. Under this club, students will conduct workshops, collaborations, and on-ground projects, providing hands-on experience while contributing to meaningful events and community initiatives.

The establishment of this club reflects LBEF's commitment to nurturing proactive, socially conscious young leaders who strive to create meaningful change.

### **LBEF Fitbyte Club Launched to Promote Wellness, Fitness, and Fun**

28<sup>th</sup> August, 2025

The LBEF Fitbyte Club was officially launched, providing an energetic and inclusive platform for students to engage in health, fitness, gaming, and overall wellness activities. An energetic leadership team of five members was appointed, with Mr. Sandesh Gautam serving as the club's first President and Mr. Bishal Prasad Kurmi, Full Time Faculty at LBEF, guiding the initiatives as mentor. The club is

set to introduce programs that combine physical well-being with interactive and fun-filled experiences.

Under this club, students will participate in fitness challenges, wellness workshops, and gaming tournaments, gaining hands-on experience while promoting a balanced lifestyle and supporting both mental and physical health within the student community.

### **LBEF Launches Startup and Innovation Hub to Inspire Future Entrepreneurs**

28<sup>th</sup> August, 2025

The LBEF Startup and Innovation Hub was officially inaugurated, establishing a dynamic ecosystem for students to explore entrepreneurship, creative thinking, and innovative startup ideas. A visionary leadership team of seven members was appointed, with Mr. Aayush Paneru serving as the hub's first President. The hub is set to launch transformative programs that enable students to turn ideas into action.

Under this hub, students will participate in hands-on workshops, pitch competitions, and networking sessions with industry leaders, gaining practical experience while developing a problem-solving mindset and embracing bold, solution-driven thinking.

By connecting passion with purpose, the Startup and Innovation Hub is nurturing the next generation of change-makers at LBEF.

## Events

### GitHub Training

31<sup>st</sup> August, 2025

LBEF College recently organized a highly impactful one-day GitHub Training session led by Mr. Karan Bista, which proved to be a game-changer for participating students. The session focused on mastering Continuous Integration/Continuous Deployment (CI/CD) practices and integrating GitHub Copilot, empowering students to streamline their development workflows.

Attendees explored real-world applications of GitHub tools, enhanced their technical skills, and learned how to build a compelling developer profile on the platform. The training provided hands-on experience, bridging theoretical concepts with practical implementation. Students gained clarity on automation tools that are essential for today's software development lifecycle, leaving them more confident in managing projects and contributing to open-source communities.

This endeavour demonstrates LBEF's commitment to equipping students with industry-relevant tools and techniques to thrive in the world of software development.

### Student-Led Freeschema Session at LBEF

2<sup>nd</sup> September, 2025

An engaging and insightful Student-Led Freeschema Session was held at the LBEF Seminar Hall, providing students with a unique opportunity to explore emerging technologies.

The session featured Mr. Nischal Bhandari, Software Developer and System Administrator at Mentor Friends Pvt. Ltd., who shared his expertise on a cutting-edge development architecture using graph-based data models to streamline and simplify processes.

Joining him was Mr. Jeffrey Daniel, CEO of Mentor Friends Pvt. Ltd., who enriched the session with his strategic insights on the future of software development and the evolving industry landscape.

The session offered students exposure to real-world applications, opportunities to expand their technical knowledge, and a platform for meaningful dialogue with industry professionals. It also encouraged innovation and critical thinking, reinforcing LBEF's dedication to hands-on learning and professional development.

### Celebrating the Formation of our Student Representative Council

2<sup>nd</sup> September, 2025

The Student Representative Council (SRC) for 2025/26 was officially formed on September 2, 2025. The council brings together committed student leaders dedicated to enhancing the academic and campus experience at LBEF. Through their involvement, students' perspectives and ideas will contribute to shaping a vibrant and engaging college environment.

Comprising elected representatives from various academic programs, the SRC will collaborate closely with faculty and administration to organize meaningful events, support initiatives, and encourage innovation and leadership among the student community. The formation of the council reflects LBEF's commitment to fostering holistic personal and professional growth alongside academic excellence.

We congratulate all the newly elected SRC members and look forward to their positive contributions in the year ahead.

### Session on "Unveiling the Future of Virtualization"

3<sup>rd</sup> September, 2025

An enlightening and interactive session titled "Unveiling the Future of Virtualization" was recently held at LBEF College, featuring Mr. Prabal Chandra Sharma, Associate Engineering Manager at Verisk Nepal. Mr. Sharma shared his in-depth knowledge on the evolution of virtualization technologies, emerging industry trends, and current hiring expectations in the tech sector. Mr. Sharma also emphasized the importance of continuous learning and adaptability in the fast-paced world of technology.

The session offered students valuable real-world insights, helping them understand how virtualization is transforming modern IT infrastructures and shaping career opportunities. Attendees gained a clearer perspective on how to prepare for roles in the virtualization domain, while also learning about the skills companies prioritize during recruitment. The interactive Q&A session enabled students to clarify doubts and engage directly with an industry expert.

Such events reinforce LBEF's commitment to connecting classroom learning with real-world industry needs.

## Events

### Cyber Security Club Hosts its First Event “Getting Started with Cyber Security”

5<sup>th</sup> September, 2025

On September 5, 2025, the Cyber Security Club proudly organized its inaugural event, “Getting Started with Cyber Security,” featuring Mr. Ridesh Rai, Cyber Security Expert and Senior Manager at Cube Technologies Pvt. Ltd. The session offered participants a strong introduction to cybersecurity, blending foundational knowledge with real-world applications to emphasize the importance of securing our digital future. Mr. Rai’s engaging presentation provided valuable perspectives

on emerging threats, best practices, and career opportunities in the field. The event served as an eye-opener for many aspiring tech professionals and sparked great interest in the domain of cyber defence. The strong turnout and active engagement underscored the growing awareness of the importance of cybersecurity among students. The session marked the beginning of many more initiatives to empower students in navigating the digital world in a safe and secure manner.

### LBEF Placement Day

7<sup>th</sup> September, 2025

“An internship is not just a job; it’s a bridge between learning and real-world experience.” - Norman Vaughan  
LBEF College proudly hosted Placement Day, providing a valuable platform for students to connect with leading companies from diverse industries and demonstrate their knowledge and skills. A total of 22 organizations visited the campus to conduct interviews and extend internship as well as job opportunities.

The event offered students valuable opportunities for job interviews, career guidance, and networking, enabling them to take confident steps toward their professional journeys. Each participating organization received a token of appreciation in recognition of their time, effort, and commitment to supporting our students’ futures. Their involvement played an important role in shaping the next generation of professionals.

### In Remembrance of Young Lives Lost

16<sup>th</sup> September, 2025

On September 16, LBEF observed a solemn moment of remembrance for the young lives lost during the recent Gen Z movement in Nepal. The college community stood in solidarity with these courageous youths, whose fight for a better nation will be remembered for years to come.

Through silence and a candlelight tribute, we honored their spirit, prayed for their eternal peace, and reflected on the values of unity, compassion, and justice. Their memories continue to remind us of the strength of youthful voices and inspire hope for a brighter future for Nepal.

### Final Year Project (FYP) Award Ceremony

19<sup>th</sup> September, 2025

LBEF College proudly celebrated student talent and innovation at the Final Year Project (FYP) Award Ceremony, highlighting projects that combined academic excellence with real-world impact. Ms. Unisha Shrestha won Most Popular FYP Project for her “Sahayog Mobile App,” which digitalizes public service requests and complaints to enhance civic engagement. Ms. Anita Neupane received Most Innovative FYP Project for “KrishiUthan,” a platform connecting farmers and vendors to boost local economies. Mr. Shambhu Gautam was recognized as Most Innovative FYP Project Supervisor for his mentorship. The event showcased LBEF’s commitment to fostering innovation, problem-solving, and societal contribution among its students.

# LEO CLUB OF SAMARPAN LBEF

## Leo Club of Kathmandu Bhrikuti Ushers in Lionistic Year 2025/26 with Candle Lighting Ceremony

11<sup>th</sup> July, 2025

On July 1, 2025, Leo Club of Kathmandu Bhrikuti proudly participated in a serene and symbolic Candle Lighting Ceremony at Maitidevi Temple, marking the first major district-level event of the Lionistic Year 2025/26, organized by the Leo District Council 325 I, Nepal. Embracing the year's powerful theme, "Youth Power in Change," Leos from across LDC 325 I Bagmati Area came together to light candles, offer prayers, and reaffirm their dedication to service, leadership, and positive change. This meaningful gathering reflected the unity and shared purpose of young leaders committed to making a difference. The tranquil ambiance of the temple, combined with the glowing candles, symbolized hope, renewal, and the light of collective action. Sincere gratitude goes out to every Leo who contributed their presence and spirit to this memorable beginning. The ceremony not only marked a new chapter but also ignited motivation for impactful initiatives throughout the year.

## Leo Club of Samarpnan LBEF Joins Hands for a Greener Tomorrow

12<sup>th</sup> July, 2025

On July 12, 2025, the Leo Club of Samarpnan LBEF participated in the Mega Tree Plantation Program at Tarkeshwor, Ward No. 7, joining over 70 Leo members from clubs across the Bagmati Area to plant more than 100 trees. The initiative promoted environmental sustainability and unity among Leos. The club expressed gratitude to the organizers and emphasized that each tree symbolizes a shared commitment to protecting nature and fostering a greener future.

## Successful Handover Ceremony for Lionistic Year (LY) 2025/26

25<sup>th</sup> July, 2025

On July 13, 2025, the Leo Club of Samarpnan LBEF proudly hosted its official Handover Ceremony at LBEF College, Maitidevi, Kathmandu. The event celebrated a seamless and motivational transition of leadership, setting a positive tone for the LY 2025/26 and reaffirming the club's continued commitment to service, leadership, and community impact.

A heartfelt thank you and warm congratulations to Leo Isha Shrestha for her exceptional leadership as President during LY 2024/25. Her dedication and vision have left a strong foundation for future growth. A big round of applause to the newly appointed executive team for LY 2025/26. With fresh leadership and renewed passion, we look ahead to a year filled with purpose, progress, and impactful service. The ceremony was a true reflection of unity, gratitude, and forward momentum within our Leo family.

## Club Officer's Schooling Program 2025

26<sup>th</sup> July, 2025

The Leo Club of Samarpnan LBEF was thrilled to participate in the Club Officer's Schooling Program 2025, held at Sigma Collge, Sorakhutte, Kathmandu. It was a dynamic and enriching session focused on leadership, learning, and the true essence of Leoism. The event was made even more special by the presence of our esteemed Chief Guest, Lion Parbati Kharel, District Governor of 325 I Nepal, whose motivational words left a lasting impact on all attendees.

We extend our sincere gratitude to all the dedicated trainers for generously sharing their insights and guiding us on our journey to becoming more effective and compassionate leaders. Special thanks to our gracious hosts, the Leo Club of Kathmandu Samakhusi and the Leo Club of Kathmandu Dreamers for flawlessly organizing such a meaningful and impactful program. The day was filled with valuable lessons, new connections, and a shared vision for the future of Leoism.

## Events

### Leo Club Joins 'Pitch with Purpose' Masterclass

2<sup>nd</sup> August, 2025

The Leo Club of Samarpan LBEF was proud to take part in the powerful training session "Pitch with Purpose: Masterclass in Proposal Writing & Sponsor Pitching" held on August 2, 2025, at Techspire College, New Baneshwor. This engaging and practical session offered valuable insights into crafting compelling proposals and effectively communicating ideas to potential sponsors. A heartfelt thank you to the Leo Club of Kathmandu Bhrikuti

for organizing such a relevant and empowering masterclass. Special appreciation goes to our dynamic trainer, Leo-Lion Sesemi Limbu, whose expertise and energy truly elevated the learning experience. The session equipped participants with real-world tools to turn ideas into action through strategic communication. Opportunities like these help us grow as confident, capable leaders – ready to make our projects more impactful than ever.

### Happy 3<sup>rd</sup> Charter Day!!!

24<sup>th</sup> August, 2025

The Leo Club of Samarpan LBEF joyfully celebrated its 3<sup>rd</sup> Charter Anniversary, honoring a remarkable journey rooted in service, leadership, unity, and fellowship. The evening was filled with heartfelt moments, reflections, and gratitude, reminding us how far we have come as a family dedicated to creating impact. Chartered on August 24, 2022, this milestone belongs to each and every member, well-wisher, and supporter who has walked alongside us. Together, we have built a club that thrives on shared values and unwavering commitment to growth and service.

On this special occasion, we express our deepest gratitude to our Charter President, Leo Tika Pandey, our founding members, and guiding pillars including Lion Pankaj Jalan, Leo-Lion Sudam Lamichhane, Leo-Lion Rajan Babu Dhungana, Leo Er. Manish Aryal, Leo Er. Abhishek Subedi, and our ever-supportive Parent Club, Lions Club of Kathmandu Samarpan. Your vision and encouragement have shaped our path and continue to inspire us.

Each year marks not just the passage of time, but the progress of passion, purpose, and people united for change. As we step into a new year, we carry forward our legacy with even greater enthusiasm, ready to lead, serve, and grow together.

### First Region Ganesh Meeting Hosted

4<sup>th</sup> August, 2025

On August 4, 2025, the Leo Club of Samarpan LBEF had the honor of hosting the very first Region Ganesh Meeting for the Lionistic Year 2025/26, conducted virtually via Google Meet. The session brought together vibrant minds and passionate hearts from our fellow Region Ganesh Clubs which includes Leo Club of Samarpan LBEF, Leo Club of Tarkeshwor, Leo Club of Kathmandu Vishwa Niketan and Leo Club of Kathmandu

Buddha Universal for an engaging and productive discussion. Ideas flowed, partnerships were strengthened, and a shared vision for impactful service took shape, laying the foundation for a collaborative and dynamic year ahead. The enthusiasm and unity among clubs reflected the true essence of the Leo spirit. With clear goals, united vision, and unstoppable enthusiasm, Region Ganesh is ready to make waves this year.
